

michele guido _z2o garden project _2009

Prima di accedere nel giardino, su una delle due quinte, che delimitano lo spazio troviamo “Liquidambar 07.03.07” (immagine a fianco): in origine era un frutto sferico, poi è stato sezionato e trasformato in un cubo; sulla quinta diametralmente opposta troviamo “Physis #01”, (immagine della pagine successiva) un ovale di ghiaccio, che ricorda la forma ellittica della pavimentazione.
